TROPIC Version

SEEMATZ
WIPER SYSTEM
„TROPIC"

We are proud to present a new part of the SEEMATZ family. The TROPIC Wiper System combine the well knowing SEEMATZ quality with a very simple installation and practicable features. The key benefits are:

- Rugged SEEMATZ design
- Easy and cheap installation with standard ship cables
- Very small dimension of the Control Panel (4 Wiper control = 144 x 72 mm)
- Small Power Supply Case (4 Wiper control = 380 x 300 x 210 mm)
- Different input Powers are possible (115 or 230 VAC)
- Easy Operation
- Easy Maintance
- Reasonable Price

Technical Features
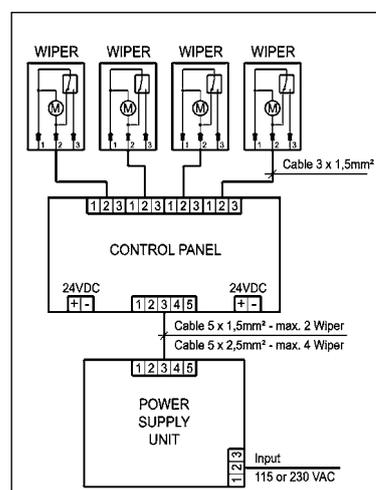

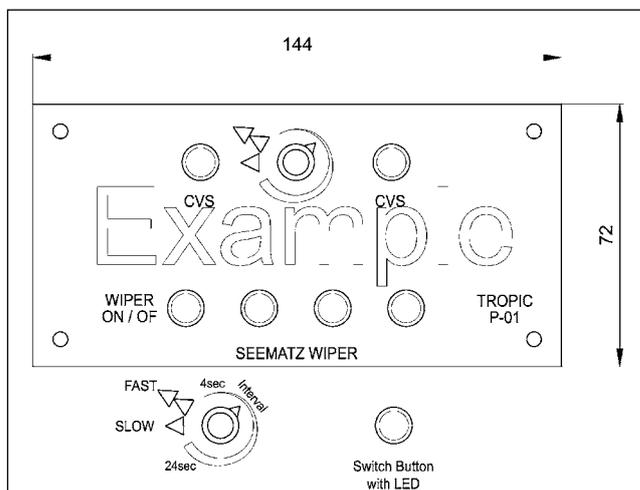

1. Wiper Facilities:

- SEEMATZ Wiper complete with Endstop, Arm made of Stainless Steel, Blade made of Aluminium. Motor 48VDC, Transport system with 4 Nylon Rolls equip with Stainless Steel ball bearings, Stainless Steel driving chain.
